

**PROJECT EXPERIENCE OF AFRICAN ENVIRONMENTAL AND
SUSTAINABILITY CONSULTING**

African Environmental and Sustainability Consulting (AES Consulting) is a consulting firm for specialist studies for environmental and social aspects, community development plan and sustainability of large scale development projects.

Our experts are multidisciplinary qualified to undertake various studies and assessments in compliance with regulatory requirements of host countries and in line with international norms, treaties and standards.

AES Consulting has delivered successfully several projects for Environmental and Social Impact Assessment and Resettlement Action Plan mainly in Francophone Central African countries and West African region.

Table below presents list of selected projects executed by AES Consulting and its associates for Congo Brazzaville, DR Congo and Cameroon.
